Project 2018

School Supply Drive, Pop-up Clinics and Health Fete

Antigua and Barbuda Associations United
15 Hudson Ave, Maplewood, NJ 07040

December 10, 2018

Dear Ambassador Dr. H. E. Walton A Webson,

On behalf of Antigua and Barbuda Associations United (ABAU), I wanted to express our gratitude to you for supporting our programs in 2018. In 2018 we were able to expand our programs' portfolio.

Our programs' portfolio includes the following:

- Antigua and Barbuda Primary School Supply Drive.
- Antigua and Barbuda Health Fete.
- Medical Pop up Clinics in the Parishes in Antigua and Barbuda
- Bishop John E. Knight Golden Age Home and Mission Project
- Antigua and Barbuda Breast and Ovarian Cancer Support Group Project

The Antigua and Barbuda community organizations in the United States and Antigua and Barbuda tallied over 2,319 community volunteer hours over the course of the year, which is equivalent to one person working full-time for sixty (60) weeks.

Attached to this letter are: newspaper articles, press release, pictures, videos, radio show appearances, and receipts for the projects.

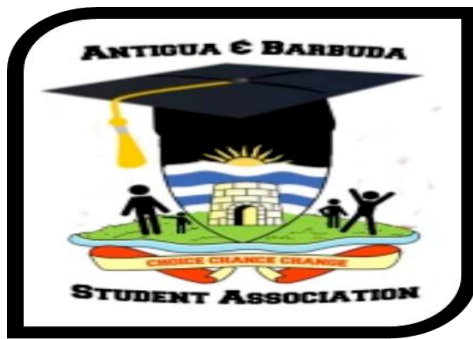

Thank you very much for your continuous support!

Sincerely,

Conrad Andy Howell

Conrad Andy Howell, Chairman
Antigua and Barbuda Associations United

Supply! Aspiration! Success!

Antigua and Barbuda 4th Annual Schools Supplies Drive

Now Until August 24th, 2018

Antigua and Barbuda Student Association, Antigua and Barbuda Associations United, and Sidewalk University is collecting school supplies to be distributed to over 6,000 underprivileged primary schools children in Antigua and Barbuda.

We Need: Notebooks, Paper, Pens, #2 Pencils, Crayons, Coloring Books, Erasers, Rulers, and Backpacks

To make a monetary donation to our school supply drive: go to

<https://www.absausa.org>

Contact us; by phone **at (646) 312 - 7259** or email absausa@mail.com

“Thank you,” for your continued generous support and contributions towards school supplies for students in Antigua and Barbuda of families struggling in a difficult economy.

Let's have another successful year!
Please share on your Social Media Pages...

Ms. Kirby,

I write to you in my capacity as the Minister of Foreign Affairs, Trade and Immigration and most importantly the Parliamentary Representative for the St Paul's Constituency to express my profound gratitude and deep appreciation to your organization for volunteering your time and resources in helping us to achieve our goals.

I am pleased to confirm that the Ministry of Foreign Affairs, Trade and Immigration endorses the Health Fete 2018 hosted by the ABAU in partnership with the Family Christian Centre Medical Mission Team (New York) and accepts your invitation. In support of your undertakings the Ministry of Foreign Affairs, Trade and Immigration agrees to cover the cost of accommodation for eight (8) double occupancy rooms for the volunteering physicians for the period October 14th – 21st 2018.

Looking forward to a successful and mutually beneficial working relationship.

Respectfully

A handwritten signature in black ink, appearing to read "E. P. Chet Greene".

26th June, 2018

Dear Sir or Madam,

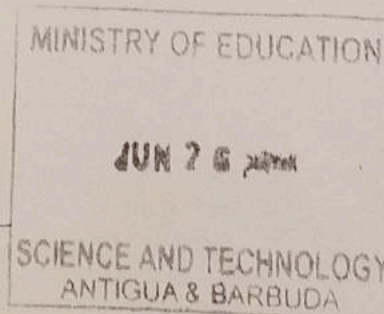

Letter of Endorsement: Fundraising Efforts in USA for Schools in Antigua and Barbuda

This letter serves as an endorsement of efforts in the USA to raise funds for schools in Antigua and Barbuda, spearheaded by the Antigua and Barbuda Student Association (ABSA) in the USA, and including Antigua and Barbuda Associations United and Sidewalk University. These efforts include a school supplies drive (now in its 4th year), and a health fete (now in its second year). The school supplies drive has provided notebooks, pencils, pens, crayons, backpacks and other much needed supplies for primary school students in Antigua and Barbuda. The health fete targets a more varied group, to include work in communities through their churches, primary schools, and secondary schools via a more extensive programme day these students. The focus of the health fete is on wellness, fitness, nutrition and healthy lifestyles. Fundraising efforts this year will also include a particular focus on school supplies and other equipment for schools on Barbuda (pre-school, primary and secondary) as they get back on their feet following Hurricane Irma in September 2017.

We in the Ministry of Education, Science and Technology are pleased to partner with the ABSA, the Antigua and Barbuda Associations United and Sidewalk University in this way, and fully endorse and are grateful for their efforts. It can only be beneficial to the children of Antigua and Barbuda, and ultimately to the nation.

Kind regards,

Clare Browne
Director of Education

Dear Ms. Kirby,

I wish to take this opportunity, on behalf of the Ministry of Health, Wellness and the Environment, and by extension the Government of Antigua and Barbuda, to extend our appreciation, commitment and our support to your organization for volunteering your time and resources in assisting us in bringing awareness to our youth on the importance of living a healthy lifestyle, and sharing practical and cost effective ways of doing so.

I am pleased to confirm that the Ministry of Health and the Environment has accepted your invitation to conduct a Health fair on October 14th – 21st 2018.

In support of your endeavours, the Ministry of Health, Wellness and the Environment will cover the cost of the accommodation of three (3) double occupancy rooms for the volunteers.

Yours Sincerely,

.....

Dear Ms Kirby

It was a pleasure meeting with you today and hearing about the wonderful programme that the Antigua & Barbuda Associations United has embarked on over the years. I was especially delighted to know that you will be bringing a team of doctors to my community to host a Health Fair from 14 – 21 October, 2018 and that they will be staying at the Jolly Beach Hotel, All Inclusive, three (3) rooms double occupancy.

I take this opportunity to wish you and the team of doctors a pleasant stay at the Jolly Beach Resort and support your efforts to attend to the health needs of the people of Antigua and Barbuda.

I am confident that this gesture will be beneficial to the people in my community.

Yours sincerely

.....*R. Yearwood*.....

Hon. Sir Robin Yearwood
Minister of Public Utilities,
Civil Aviation, Transportation & Energy

Dear Ms. Kirby,

I am confirming that Antigua Commercial Bank endorses the effort of your organization, as you provide opportunity for the nation's youth through education and also supports your engagement in the health of our nation.

ACB is fully on board and will be supporting your team's medical clinic in Barbuda for October 18, 2018.

As your team engage in an effort to provide health services to multiple Parishes in Antigua, we recognize your visit to Barbuda as one in congruence with our Barbuda Recovery effort, as it is essential, to the community there. We will therefore be covering the cost for airfare, transportation and meals for the five health professionals and your liaison Mrs. Valarie Williams.

As Shantia and I noted in our meeting, it is essential that we make these arrangements as soon as possible. We therefore wish to proceed with the airline bookings or reservations, so please confirm the names of those travelling as soon as possible. If you prefer boat, we will support you the same. Barbuda needs this and we are very happy to collaborate with you on this occasion.

Ms. Williams will be in touch with either of us, or our colleague Sasha Jarvis, as we make final provision for your arrangements.

Our ACB Logo is attached in two formats. Please confirm with us, whenever you wish to use it, so that we may approve final art for its display.

Kind regards,

Seth Burton

Antigua and Barbuda Primary School Supplies Project

Overview

The Antigua and Barbuda Primary School Supplies Project will provide school supplies to the primary school students in Antigua and Barbuda. Through contributions of money and donations from, NYC Consulate Office, Ministry of Foreign Affairs International Trade and Immigration, Sidewalk University, Antigua and Barbuda Associations of Philadelphia (ABAF), Antigua and Barbuda Associations United (ABAU), Antigua and Barbuda Student Association-USA (ABSA), churches, the business community, school groups, and individuals, Sidewalk University, ABAF, ABSA and ABAU will distribute these supplies to children identified as “in need” by the Antigua and Barbuda social service agencies and school officials.

Goals

- To provide school supplies to children who cannot afford them
- To get families involved in “serving others” in need
- To make a difference in a child’s educational experience by setting them up for success

ABAU Project Leader:

- New York – Antigua and Barbuda Student Association-USA

Ways to Help:

- Donations of every kind, whether they are supplies or monetary, are appreciated
- Donate money to purchase supplies – all money goes directly towards bulk orders of school supplies.
- Please make checks payable to a ABAU project leader organization listed above and note Antigua and Barbuda Primary School Supplies Project in the memo line
- Please contact a ABAU project leader organization listed above for a drop off location

School Supplies List

- #2 Pencil
- Pencil Sharpener
- Eraser
- Pen
- Ruler
- Crayon
- Notebook
- Back Pack

Antigua and Barbuda Associations United
15 Hudson Ave, Maplewood, NJ 07040

Antigua and Barbuda Associations United (ABAU).

ABAU purpose:

- To represent the interests of the Antigua and Barbuda community organizations in USA.
- To strengthen and unify the Antigua and Barbuda community organizations, so they can better serve the community.
- To work with government, non-profits, community and faith-based organizations and corporations to support Antigua and Barbuda Organizations initiatives by brokering partnerships and establishing sustainable funding resources.
- To establish memorandum of understanding between member organizations.
- To maintain a community calendar of event for the member organizations
- To provide training to the members, so they can better service our community.
- To form focus areas committees:

Committees:

Education Committee

The Education Committee is responsible for identifying the educational needs of the Community. Work with member organizations to create quality, value-added programs to enhance the people in our community knowledge, professionalism and business development goals.

Disaster Management/Relief Committee

The Disaster Management/Relief Committee is responsible for assisting people in Antigua and Barbuda that have incurred hardship as a result of a sudden, unexpected natural disaster. Work with member organizations to foster partnerships with organizations and grantees that will support our efforts.

Environmental Committee

The purpose of the Environmental Committee is to involve the community in developing an Environmental Program. The committee will provide recommendations on effective environmental programs and policies to the Community and will serve as a forum for the community to offer input concerning environmental sustainability.

Health and Nutrition Committee

The Health and Nutrition Committee is responsible for developing projects that would educate the Community on health and nutrition issues. The plan is to combine the creative energies of the ABAU organizations and Health and Nutrition professionals around the world to develop an in-depth health and nutrition network.

Antigua & Barbuda Student Association-USA Inc. 47-1460301

Mission Statement

The mission of Antigua & Barbuda Student Association USA Inc. is to aid students born in Antigua or of Antiguan heritage while enroll in a undergraduate or graduate program in the United States.

Our goals are to:

1. Provide assistance with college applications.
2. Assist students in finding grants and scholarships.
3. Provide information on how to apply for a student visa.
4. Create the largest database of Antiguan undergraduate and graduate students in the United States.
5. Provide academic, social, and professional support to Antiguan students in the United States to aid them in earning their degrees and achieving their professional goals.
6. Provide mentorship to students while in school.
7. Provide safe environments for students during breaks and holidays.
8. Assist with internships and employment.
9. Organize fundraising activities to assist students with financial emergencies.
10. Provide professional development including mentorship.
11. Foster a spirit of service, to help others and their communities.

*Make a **choice**, take a **chance**, and **change** your world.*

January 30, 2018

To Whom It May Concern,

I am writing this letter to describe the mission and services to be delivered by the Family Christian Center Medical Mission Team (FCC MMT) during our anticipated travel to Antigua & Barbuda in October of 2018.

The FCC MMT is a team of healthcare professionals, many of whom are members of the church, with a heart for delivering medical care to communities in need. This team is comprised of physicians, nurses, social workers, pastors and other volunteers. We have traveled to Nigeria, Jamaica and Trinidad making critical introductions and connections with local pastors and healthcare workers, providing education to local healthcare providers, and delivering medical care to communities in need.

Our planned dates of travel are **October 14th through 21st**. In our previous trips to Jamaica and Trinidad, we provided primary medical care (general health screening, physical examination, health education, diabetes screening) and we would like to do the same in Antigua. There is considerable expertise among the team members and we would again seek to provide targeted education and basic primary care to patients and communities in need.

Here are some pictures from previous trips (Jamaica Nov'15 and Oct '16, Oct'17 and Trinidad Mar'17):

https://vimeo.com/230192581?utm_source=email&utm_medium=vimeo-cliptranscode-201504&utm_campaign=29220

In our previous trips, we have worked closely with pastors and set up clinics within their churches. Through these churches and pastors, we made contact with healthcare providers who assisted us in identifying the needs of the community and opportunities to serve. We would again like to partner with local churches or schools to deliver care in several areas of the island.

It would be much appreciated if you would share with me information regarding the process by which our team members can be licensed to practice within Antigua and Barbuda and to travel with medications and various supplies. We will be working in partnership with the Antigua and Barbuda Students Associations USA.

I would be happy to answer any additional questions that you may have. I can be reached at joydhowell@gmail.com and 646-831-3830.

Regards,

Joy D. Howell, M.D.
Director, FCC Medical Mission Team

Health Fete 2018

Overview

Good health, wellness, fitness and healthy lifestyles are important for all Antigua and Barbuda. Healthy people have increased capacity to learn and develop the values, attitudes and skills necessary to be competent, effective and resilient in life. The focus of the Health Fete is to help people in Antigua and Barbuda improve their lifestyles.

The Health Fete will be a five-day event:

- 1) Day one will be a health mission at a Church to provide health serves to people in the community.
- 2) Day two will be a health mission at another Church to provide health serves to people in the community.
- 3) Day three will be a health mission at another Church to provide health serves to people in the community.
- 4) Day four will be a health mission at a primary school to provide health serves to the children.
- 5) Day five will be a Health Fete for the secondary school students in Antigua and Barbuda.

Objectives

After the Health Fete attendees should be able to:

- Define physical fitness, wellness, exercise, and health.
- Define each of the components of physical fitness.
- Define each of the dimensions of wellness.
- Distinguish between a long life and a long healthy life.
- Distinguish between infectious and chronic diseases and their current impact on society.
- Distinguish between disease treatment, disease prevention, and health promotion.
- Explain the importance of healthy lifestyles to good health and wellness.
- Explain the importance of regular exercise to good fitness.

Health Fete Place

Once this project is approved we finalize the location for the churches and primary school.

The Health Fete for the secondary school students will be held at the Sir Vivian Richards Stadium – Located in Antigua and Barbuda.

Address: Factory Road, Antigua and Barbuda, Antigua & Barbuda

Date

- Monday thru Thursday, October 15-18, 2018 – Health Mission
- Friday, October 19, 2019 – Health Fete.

Time

Health Mission - 9:30am to 2:30pm

Health Fete – 9:30am to 1:30pm

Health Mission and Health Fete Focus Areas

Healthy Lifestyle

- Fitness/Wellness
- Nutrition Education

Stress Relief

- Dancing and Singing
- Games and Activities

Health Fete Projects (Secondary Students)

- Adolescents Health
- Alcohol/Drug Awareness
- CPR and First Aid
- Depression Screening & Education
- Dance Contest

Health Care

- Blood Pressure Testing & Education
- Diabetes Testing & Education
- Stroke (signs, guidelines, and care)
- Vision Care
- Dental Care
- Breast Cancer Exam & Education
- Cancer Education (Colon)

Focus Areas

- **Nutrition and Physical Activity:**

Nutrition and physical activity are an important part of a healthy childhood. For optimal health, children need a variety of safe and nutritious foods, accompanied by daily physical activity. Balanced nutrition and physical activity have positive effects not only on physical health, but also on children's growth, mood, quality and quantity of sleep, and ability to learn.

Children develop preferences and habits regarding food and activity at an early age. These early habits are likely to continue throughout their lives. These tents will influence children's food preferences and experiences in ways that will promote health by offering foods that are safe, nutritious and appealing.

- **Height, Weight and BMI:**

Determining how much you should weigh is not a simple matter of looking at a height-weight chart, but includes considering the amount of bone, muscle and fat in your body's composition. The amount of fat is the critical measurement. A good indicator of how much fat you carry is the body mass index (BMI). Although it is not a perfect measure, it gives a fairly accurate assessment of how much of your body is composed of fat.

- **Stress Reduction Activities:**

Students who develop stress reduction skills learn how to feel and cope better without hurting themselves or others. Identifying and acknowledging the causes of stress and expressing feelings about them are usually the most effective tools students have to reduce stress, in addition to learning practical stress reduction skills.

Students' stress is usually related to everyday experiences, worries and challenges at school, home, in the community and within their peer group. For example, young people may experience stress resulting from bullying, name calling, social isolation, not getting what they want, body image, academic difficulties, and unsafe neighborhoods.

While each student will respond to and resolve stress differently, the impact of ongoing and/or unresolved stress can lead to feelings of anxiety, depression, irritability, poor concentration, aggression,

physical illness, fatigue, sleep disturbance and poor coping skills such as tobacco, drug and/or alcohol use.

- **High blood pressure:**

Regular high blood pressure screenings can help prevent this common condition from worsening. High blood pressure, also known as hypertension, is a serious condition that can lead to coronary heart disease (also called coronary artery disease), heart failure, stroke, kidney failure, and other health problems. A high blood pressure screening can detect the onset of this condition. “Blood pressure” is the force of blood pushing against the walls of the arteries as the heart pumps blood. If this pressure rises and stays high over time, it can damage the body in many ways. About 1 in 3 adults in the United States have high blood pressure. The condition itself usually has no symptoms. You can have it for years without knowing it. During this time, though, high blood pressure can damage the heart, blood vessels, kidneys, and other parts of your body.

Knowing your blood pressure numbers is important, even when you’re feeling fine. If your blood pressure is normal, you can work with your health care team to keep it that way. If your blood pressure is too high, treatment may help prevent damage to your body’s organs.

- **Doctor's assessment and plan for follow up care with local Doctors:**

Regular checkups will provide doctors with a way to spot any health issues early on. Checkups incorporate several tests, including preventative screenings and physical examinations, to check patients' current health and risks. If any problems are found, your doctor will provide information on treatment plans and ways that you can prevent health issues in the future.

Popular health checks include:

- Cervical smear tests (Pap tests) for women
- Blood pressure tests
- Cholesterol level checks
- Body mass index (BMI) and obesity tests
- Diabetes checks

If you have any more specific health concerns, then your doctor will be able to advise you on these and conduct the proper checks.

While doctors' checks will help spot any issues early on, you can follow a few steps to support a healthy lifestyle and to complete a number of health checks at home. It has been said that [women should regularly check](#) their breasts for lumps, while both men and women should study the skin for changes in moles or freckles. In addition, you should have a nutritious and balanced diet, exercise regularly, and maintain a healthy weight range. If you notice anything unusual, schedule a doctor's appointment as soon as possible.

Dental care

As well as appointments with a doctor, you should also schedule checkups at the dentist. It can be a tricky task knowing how often you should visit the dentist. According to [The Journal of Dental Research](#), the amount of times you visit the dentist depends on your level of risk for periodontal disease. While many say that visits should be made every six months, those with dental problems may need to have their teeth checked more regularly.

Good oral health plays an important role in the overall health of your body. After all, inflammatory gum disease can lead to tooth loss, while bacteria buildup in the mouth has been said to put you at [increased risk of heart disease](#), according to WebMD. In addition to having regular appointments with the dentist, you should maintain a good oral care regime that includes frequent brushing and flossing.

Eye care

While doctors are able to provide some information about eye issues, it is important for people of all ages to schedule vision and eye care tests. Optometrists and eye doctors can check for glaucoma and provide vision reports and possible glasses or contact lens prescriptions, should you need them. People between 50 and 65 should have eye checks at least every two years, while those over the age of 65 should have a test every year. People with increased risk of having eye issues should talk to their eye doctor to see how often they should visit.

You can lower your chances of developing health issues in the future by maintaining a healthy diet; exercising regularly; having a good oral health routine; and booking regular medical, dental and eye checkups.

- **Registration and Information:**
Participate that did not Pre-Register will have an opportunity to register for the health fair.

Workshops:

- Making Healthy Eating Part of Your Total Lifestyle
- Behavior Changes and the Prevention of High Blood Pressure and Stroke
- Bright Smiles
- Sunglasses and Eye Care
- Controlling Diabetes
- Preventing and Treating Cancer
- Understanding Mental Health

Activities:

- Dancing (Electric Slide, The Wobble, Cha Cha Slide, Cupid Shuffle)
- Games (“Who want to be a Millionaire”, Jeopardy, “Family Feud”)
- Three Leg Race
- Golf Ball Spoon Relay

Health Fete Volunteers

The collaborative partners will work together to recruit volunteers for the Health Fete. The volunteers will come from Antigua and Barbuda and the United States.

Accommodation for United States Volunteers

The collaborative partners will work together to get affordable package for volunteers at the Jolly Beach Resort & Spa All Inclusive (Onsite food and beverages are included in the room price), Bolans Village, Antigua.

[We will need transportation for twenty five volunteers.](#)

Program Evaluation

ABAU will give each participant at the Conference a questionnaire to fill out. The participants will list some workshops that they would like us to offer at the next Health Fete.

Collaborative Partners

Antigua and Barbuda Ministry of Health, Antigua and Barbuda Ministry of Education, Antigua and Barbuda Consulate of New York, Family Christian Center Medical Mission Team (FCC MMT) and Antigua and Barbuda Associations United.

Family Christian Center Medical Mission Team

Church Set Up

Greetings/ Orientation

- * It would be our goal to begin seeing patients no later than 9:00 am each day. We will arrive at each site at 8:30 am.
- * We ask that each Pastor, or his/her designee, meet us, assemble the host team and lead us in introductions including selecting key individuals that will remain available to us throughout the day
- * Host/guest pastors/chaplains will lead us in prayer/brief devotional
- * Set up begins thereafter

Set Up

At each of these churches or school we set up a clinic that included:

- * a registration station (staffed by FCC team members and local volunteer's/church members)
- * a nursing station (where vital signs and blood sugars will be measured)
- * Four (or 5) examination stations (where patients would have physical exams performed in enclosed space outfitted with desk, chair and an examination table if available)
 - o In instances where separate examination stations could not be made available for each physician, we shared 2-3 private examination stations set up near the physician stations
- * A pharmacy station where medications were dispensed (2 table; one outer , one inner)
- * An education station where nutritional counseling as well as other education can be provided.
- * An eyeglass station where reading glasses can be distributed

Capacity

- * Based on the size of our team (5 providers; 5 nurses) we believe that we can see ~150 persons per day including any church volunteers and children that want to be seen. While it is not our intent to be stingy with our services, having been overwhelmed in the past, we have found it necessary to be careful with the number of patients registered.
- * Members of our team will, along with members of your congregation, will number the registrants and church volunteers that will be seen.

* If we are to see more than 150 patients, it will be necessary for you to recruit local physicians to work with us.

* Registration should close at 1:30 pm on Thursday and at ~ 2pm on M-W and Friday

Lunch

* We would ask that lunch be provided for the team.

* We would ask that ample bottled water be provided for the team.

Continuity of care

In terms of personnel, we would ask that you recruit nurses, physicians and other healthcare providers from your church to work alongside us. Specifically, we will also need:

* Name and addresses of local health centers/ hospitals where we can refer patients for follow-up

* Prescription pads/ referral forms/ laboratory order forms

Pictures

* We desire to take pictures through the course of the day to document our services, to share with our congregation and the various sponsors and those who have supplied medications and supplies.

Antigua and Barbuda Associations United
15 Hudson Ave, Maplewood, NJ 07040

September 10, 2018

A pleasant good day to you all:

It is indeed a great pleasure to invite you, and your School student body to Health Fete 2018 on Friday, October 19, 2018 at the Sir Vivian Richards Stadium.

The Health Fete will focus on teaching secondary school students how to live a healthy life style. Good health, wellness, fitness and healthy lifestyles are important for all Antigua and Barbuda Secondary School Students. Healthy students have increased capacity to learn and develop the values, attitudes and skills necessary to be competent, effective and resilient adults.

The Health Fete 2018 focus areas are:

- **Healthy Lifestyle** - Fitness/Wellness, Nutrition Education
- **Stress Relief** - Dancing and Singing, Games and Activities
- **Health Fete Projects (Secondary Students)** - Adolescents Health, Alcohol/Drug Awareness, CPR and First Aid, Depression Screening & Education, Dance Contest
- **Health Care** - Blood Pressure Testing & Education, Diabetes Testing & Education, Stroke (signs, guidelines, and care), Vision Care, Dental Care, Breast Cancer Exam & Education, Cancer Education (Colon), Cooking and Eating Healthy Meals

This event will give you and your students an opportunity to learn how to live a healthy lifestyle, and also to participate in a great project.

Antigua and Barbuda Government, Ministry of Health, NY Consulate, Ministry International Trade Foreign affairs and Immigration, Antigua and Barbuda Students Associations, Ministry of Education, Sidewalk University, Antigua Commercial Bank, Jolly Beach Resort and Antigua and Barbuda Associations United, sponsors the Health Fete 2018.

This is a free event to all secondary school students. If you would like to participate in Health Fete 2018 contact us at abau.usa@gmail.com or 347-594-3890.

We look forward to seeing you at the event.

Sincerely,

Rosannette Kirby
Project Manager

Antigua and Barbuda Associations United
15 Hudson Ave, Maplewood, NJ 07040

September 10, 2018

Dear: Business owners and Colleagues

Antigua and Barbuda Associations United (ABAU) invites you to become a sponsor for our "Health Fete 2018" that will benefit the secondary school students in Antigua and Barbuda. ABAU is seeking an in-kind (goods and services) sponsorship from you to fund "Health Fete 2018". The Health Fete will be held on Friday October 19th, at the Sir Vivian Richards Stadium, from 9 a.m. to 1 p.m.

The Health Fete will focus on teaching secondary school students how to live a healthy life style. Good health, wellness, fitness and healthy lifestyles are important for all Antigua and Barbuda Secondary School Students. Healthy students have increased capacity to learn and develop the values, attitudes and skills necessary to be competent, effective and resilient adults.

Your sponsorship will help assure the success of "Health Fete 2018". They are three levels of sponsorships available to you, Gold, Silver and Bronze. Please do not hesitate to contact me with any questions or concerns. I look forward to speaking with you at your earliest convenience.

7. Name and address of receiving organization in Antigua and Barbuda

To: Debbie Collins
C/o Hon E. P. Chet Greene
Minister of Foreign Affairs
International Trade and Immigration
Government Office Complex
Queens Elizabeth Highway
St. Johns, Antigua and Barbuda
268-464-5089

Type of Organization

D) Government Ministry

8. Name and description of project / service that this donation will support

Antigua and Barbuda Education Development Project and Health Awareness Project will assist the Education Ministry with the educational development of Antigua and Barbuda students. The Education project will focus on the primary schools while the Health awareness project will target the secondary school students. This project will have several phases. Phase I (One) provides school supplies to primary school age children in the Antigua and Barbuda Public School System. Phase II (Two) A Health Fete to provide information to secondary school students in order to have more informed discussions with their primary care physicians.

9. State how this contribution will support the organization's project

Our organization is committed to supporting the educational system in Antigua and Barbuda. Sometimes it is difficult for some parents just to cover the basics school supplies for their children. By providing school supplies for all children, this will remove any possible stigma between those who could actually afford to purchase school supplies and those who cannot. The school supplies which have been collected will be distributed to all government primary schools in Antigua and Barbuda. This aspect of our work will ensure that all Primary Age school children in the public school system in Antigua and Barbuda have the basic necessities to do their school work.

10. Description and amount of goods to be shipped where applicable or contribution requested

Notebooks, Pens, Pencils each for 6,000 primary public school students in Antigua and Barbuda for a total of 12,000 each. Additional supplies include: Computer Paper, Backpacks, Rulers, Crayons, Erasers, Paper Clips, Binder Paper, and Glue Sticks charts and graphs.

b. Medical supplies for pop-up clinics.

11. **Proposed date of event**

Antigua and Barbuda Primary Schools will receive school supplies from Antigua and Barbuda Associations United (ABAU) Education Committee spearheaded by **Antigua and Barbuda Students Association-USA** for the 2018-2019 School Year. School supplies will be distributed to Primary School Principals or representative on Wednesday, October 17th, 2018 at 10am at the Sir Vivian Richards Stadium.

The Health Fete will be a one-day event, Friday, October 19th 9:00 am to 1:00pm. Registration starts at 8:30 am. The day will be filled with, seminars, games, dancing, and lots of giveaways, at Sir Vivian Richards Stadium.

Family Christian Center Medical Mission Team (FCC MMT) will deliver medical care to the Antigua and Barbuda communities. The team is comprised of physicians, nurses, social workers, and other volunteers. The team will be providing primary medical care (general health screening, physical examination, health education, diabetes screening) in several parishes in Antigua and Barbuda between October 15 thru October 19, 2018.

Sponsors viewpoints:

Hon. E.P Chet Greene Ministry of Foreign Affairs, International Trade and Immigration

I am delighted to be a part of this very exciting people centered program. Service to humanity is the cornerstone of my life's mission and occupies my very being.

Joining this great team of sponsors and donors presents a unique opportunity which I hope will be appreciated by the beneficiaries and will go a long way in bringing relief, joy and great satisfaction.

Ambassador: H. E. Dr. Walton A. Webson: The NY Consulate Office of Antigua and Barbuda -

"The Consulate General of Antigua and Barbuda is glad to continue partnership with ABAU. Providing children with pens, pencils, notebooks and other supplies gives young people the tools they need for a successful school year".

The Halo Foundation -"ABAU continuously seeks to address issues related to youth empowerment and education. Halo believes that this initiative will augment the students' learning experience, and we look forward to the pervasive passion and dedication of ABAU as this organization progresses in service to the community," said HE Lady Sandra Williams.

12/12/2018

To: Hon E P Chet Greene

On behalf the entire Diaspora Community and the Organizations, we would like to thank you so much for the continued Sponsorship for ABAU initiatives events in Antigua and Barbuda annually. The 2018 events were an absolute success and we have you to thank for that.

Your sponsorship and support makes it possible for us to continue assist students in their endeavor to further their education.

Frankly, we could not do what we do without donors such as you. We look forward to working with you in the future. We, and the communities we serve, deeply appreciate your generosity.

Once again, many thanks for your generous support. We are exceedingly grateful.

If you have any questions regarding any of our active projects, please call me at 347-594-3890 or email abau.usa@gmail.com.

Thanks again, and I hope to talk to you soon. I will be sending the close out report on the project and pictures soon. Looking forward to a greater year in 2019.

Sincerely,

Rosannette Kirby

Supply! Aspiration! Success!

Antigua & Barbuda Student Association-USA Inc. 47-1460301

2018 was a great year. The Antigua and Barbuda Association United Primary School Supply Drive and Health Fete project was a success. To those who shopped, collect school supplies, assist with packing, etc. your support enabled us to ship over 120,000 school supply items to thirty (30) primary schools in Antigua and Barbuda. On Wednesday October 16th we were able to distribute said school supplies and bless a few pre-schools as well.

Friday October 18th, the secondary school students came out and had a blast during our Health Fete. I must complement Sidewalk University for playing a major role making that day a success.

To Family Christian Center Medical Mission Team of, thank you for coming on board to add another dimension of service to our community. With the pop up clinic we were able to provide health care services to over 400 individuals within 5 days. Despite some challenges of the supplies reaching the island on time we are pleased with the outcome of this endeavor.

Behind the scene we had many volunteers purchasing, collecting, sorting and packing these supplies in preparation for shipment. We also had a terrific supporting cast on the grounds in Antigua spreading the word, retrieving the shipment from customs and distributing the supplies. For all your sacrifice I say thank you, the primary schools' administration, parents and students are grateful for your time and support.

As we look forward to 2019, we ask that you continue to support our collective work as we desire to conduct a Health Fete to benefit the Secondary Schools in conjunction with the Primary School Supply Drive.

Once again thank you for your support and as a 501c3 organization your contribution to this and all our projects are tax deductible.

In Gratitude,

Nehemiah Jerry Marshall
